

Dear Client Partner,

We improved our client support system and services, we enhanced our website and its functionality, we succeeded in delivering our new ASP solutions to over 100 workstations already this year and now we are going to make even greater changes!

With so many changes happening, we want to make sure you are aware of two important dates that will affect the industry and improve your way of doing business:

June 20th- RDI will be making **our biggest announcement yet** The only hint we are allowed to give you at this time is that we are going to prove how strongly we believe in our edoc innovations.

September 20th- RDI will be holding our Annual Reed Data Executive Advisory Council (EAC). I invite you again to **set aside this important date** and take the opportunity to meet with other industry leading Credit Union Representatives as well as RDI management. Edoc Strategy is the theme. This year's meeting is going to be hosted at our CU*Answers facility in Grand Rapids, MI. It is an all day event and we will be providing lunch.

Please contact your RDI account representative via email or on the phone if you have questions about either of these events. We will be happy to share any information that we can.

Sincerely,

RDI Staff
